Website (portfolio): https://armstrong-o.vercel.app/

Summary:

Innovative Frontend Developer with 2 years of experience in React, JavaScript and TypeScript, specializing in developing user-centric web components. Adept at responsive web design and optimizing web performance, ready to contribute to a dynamic team in a fully remote role.

Technical Skills:

- **Web fundamentals**: HTML, CSS, JavaScript (ES6+)
- **Front-end development**: React.js, SCSS, TypeScript, Next.js, Redux
- **Back-end development**: Node.js, Express.js, MongoDB, Firebase
- **Version control**: Git/Github
- **Design & UX**: Responsive web design, UI/UX assessment
- **Testing**: Automated unit testing, browser-based debugging, performance testing
- **Additional skills**: Accessibility (awareness of WCAG standards), Web architecture (knowledge of web architecture best practices), Agile methodology (scrum)

Work Experience – Projects

Armstrong O | January, 2024 | *Link: https://armstrong-o.vercel.app/*

- Developed a personal portfolio website showcasing detailed information about projects and skills, in a medium-scale project designed to encapsulate a variety of personal and professional achievements.
- Transitioned to a React and TypeScript-based platform, adopting best practices for a micro-frontend architecture.
  Technologies: HTML, SCSS, JavaScript, React.js

Baroque Store | August, 2023 – September, 2023 | *Link: https://baroque-store.vercel.app/*

- Integrated frontend and backend technologies to build a comprehensive e-commerce platform, including user authentication and database management, in an extensive project involving both frontend and backend development, with features akin to a full-fledged online store.
- Enhanced user experience by applying UI/UX design principles and ensuring cross-browser compatibility.
  Technologies: HTML, SCSS, JavaScript, React.js, Redux.js, Node.js, Express.js, Firebase

Bistro | August, 2023 | *Link: https://bistro-eta.vercel.app/*

- Created a dynamic and interactive restaurant website with multiple pages, engaging content, and features, focusing on delivering a comprehensive online presence for a restaurant in a moderate-scale project.
  Technologies: HTML, SCSS, JavaScript, React.js

Revent Digital | July, 2023 | Link: *https://revent-pied.vercel.app/*

- Developed a visually appealing single-page website aimed at presenting a snapshot of design skills and creativity in a compact project.
  Technologies: HTML, SCSS, JavaScript, React.js
